

Educational Session Notes

Leading & Motivating Volunteers

Training Leader—Ron Sticka

8:00 AM

9:45 AM

Training Leader—Nelson Maler

8:00 AM and 9:45 AM

When you come into Rotary, do you bring in fresh air or do you suck it out?

- Help your members see the pride in Rotary and in being a Rotarian.
- Care more about their success.
- Make them want to invite others.
- The plus of Rotary is to see examples of leadership.

Memory Bag – who created that for you?

- How did they make you feel?
- How did they react to issues?
- How was their sense of humor?
- How did they handle pushback?
- How did they communicate?

Every job should make you feel a little bit better – citizen, spouse, parent, Rotarian. This is a process. Let others help you – guide you – and embrace the idea of developing people coming up behind you.

- Teach new Rotarians about the support center in the resource guide.
- Sent them foundation information on our district.
- Walk them through the zone website.
- Help them create their profile in “my rotary” and how it is different from Clubrunner.
